*Sharing Christian music with the homeless and imprisoned.*

## Background

*JBB Ministries* is a volunteer organization devoted to delivering the Word of God through original, Christian contemporary music and speech to those enduring hardship.

## Jordan B. Band

We are volunteers with a passion for music and spreading the Word of the Lord. Initially (2001), we were featured at a *Walk Thru the Bible* workshop. Later, we began performing at the *Central Presbyterian Men's Homeless Shelter*. Over the years, the *Jordan B. Band* has grown to include over a dozen talented musicians performing as a trio most weeks.

## Notes from Home

*Notes from Home* is a showcase of Christian singer / songwriters performing their best original work. Jordan B. and his many guests offer their inspiring gifts on this regularly produced series.

## A Free Ministry

The services of *JBB Ministries* are completely without fee. No honorarium is requested. We hope only to share the Christian faith with those burdened by homelessness or prison. Chaplains, program directors and others working with those groups and organizations are encouraged to [contact us](#). We would be honored to appear for your community.

## Our Lead

Jordan Colletta founded and heads *JBB Ministries*. He is a singer, songwriter, evangelist and program host based in Atlanta Georgia. Jordan and his family have lived and worked in the US and Canada, during his 37 year service at a Fortune 100 company. Beginning his career as a clerk in New Orleans, he completed it in company leadership as the Vice President of Customer Technology Marketing.

Today Jordan and his team enthusiastically share Christ through cross-denominational services in homeless shelters and prisons. During these services they play original, contemporary Christian songs and share God's Word. The objective is to bring a spirit of hope to the homeless and imprisoned, so they know they are loved by the Lord and are encouraged to grow in faith.

Jordan has written over 30 Christian songs, plays multiple instruments, sings and has appeared on 10+ music CDs. He is a past President of an Atlanta-based *Toastmasters'* club, has lectured at universities / schools, acted in training videos, produced and hosted for television, and recorded devotional vignettes for broadcast.
